

TREASURE COAST REGIONAL PLANNING COUNCIL

MEMORANDUM

To: Council Members AGENDA ITEM 4B5

From: Staff

Date: February 16, 2018 Council Meeting

Subject: Intergovernmental Coordination and Review Log

The Intergovernmental Coordination and Review process serves, in part, as an early warning system for the federal government to determine if a federally funded project or program is consistent with plans and ongoing community initiatives of local governments and the regional planning council. The review process is intended to inform the applicant of potential concerns or inconsistencies regarding the proposed activity. Council’s statutory role is to coordinate the state’s required review at the local level. Council has requested comments from potentially affected local governments in an effort to avoid duplication of efforts, funding, and services, and to ensure the efficient use of resources. The attached Intergovernmental Coordination and Review Log presents a summary and recommendations on the following applications:

TCRPC Number	Project Description	Applicant	Funding Agency	Federal Funding Requested	Total Funding
18-MC-01-01	Community Development Block Grant Application – Housing Rehabilitation	Martin County	U.S. Department of Housing and Urban Development	\$ 750,000	\$750,000
Total				\$750,000	\$750,000

Recommendation

Council should approve the comments in the attached report and authorize their distribution.

TREASURE COAST REGIONAL PLANNING COUNCIL
INTERGOVERNMENTAL COORDINATION AND REVIEW LOG

TCRPC Number: 18-MC-01-01

Applicant: Martin County

Project Description: Community Development Block Grant Application – Housing Rehabilitation

The Community Development Block Grant (CDBG) program was created by Congress through the Housing and Community Development Act of 1974. This federal program, which is administered by the U.S. Department of Housing and Urban Development, provides funding opportunities to local governments in small urban and rural areas for projects. In Florida, the Department of Economic Opportunity administers the state’s program through the Small Cities Community Development Block Grant Program.

Martin County is applying for CDBG funding to rehabilitate/repair/replace deteriorated homes of low- and moderate- income (LMI) households. A minimum of eleven LMI housing units are proposed to be addressed of which no less than 3 will be “low income” households (households with income that does not exceed 50 percent of the Area Median Income (AMI) for the County); and no less than 2 households will be classified as “very low income” (households with income that does not exceed 30 percent of the AMI for Martin County).

This project furthers the national objective to benefit low- and moderate-income persons. Additionally, the proposed funding budget includes allocations for administration and temporary relocation activities.

Funding Agency: U.S. Department of Housing and Urban Development

Requested Funding: \$750,000

Recommendations: No adverse effects on regional resources or facilities and no extrajurisdictional impacts have been identified.

Agencies Contacted: Martin County Local Governments
