Washington, DC 20590

Subject: Draft Environmental Impact Statement For the All Aboard Florida Project

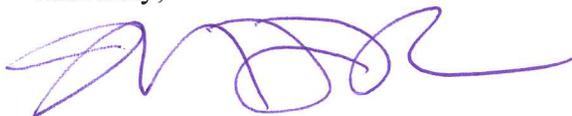

Dear Mr. Winkle:

At its November 21, 2014 meeting, the Treasure Coast Regional Planning Council unanimously voted to request a face-to-face meeting with Federal Railroad Administration personnel to discuss the Region's issues and concerns regarding the proposed All Aboard Florida project.

This region has the potential to be the most highly impacted by the proposed project and extensive concerns have been expressed by local governments, agencies, and the public. Council would like the opportunity, either here in the region or in Washington D.C. to meet with the appropriate individuals to discuss these concerns.

Council thanks you for the opportunity to comment on this project through the Draft Environmental Impact Statement process and looks forward to hearing from you on this request to meet in person.

Sincerely,

Michael J. Busha, AICP
Executive Director
